0 54 54

If your reported Ending Count does not match these numbers, please go back through your data and be sure you didn't miss something (i.e., animals in foster, adoptions, transfers, etc.). If all animals have been accounted for and the reported Ending Count is different, please indicate in the comment section.

**COMMENTS:** The 19 cats euthanized include 13 kittens with FIP; two adults with lymphoma related to FeLV; 3 seniors taken from OAS as hospice; and one cat with severe neurological issues.
